DESIGN AND LAYOUT

Each villa is distributed across several levels with an elevator from basement to the rooftop to maximize space and comfort:

- *Basement:* two parking spaces, direct access to the home, and private elevator, over 100 m² with natural light, ideal for a gym, playroom, or library, plus a full bathroom and utility room.

- *Ground floor:* elegant open-plan living-dining area with kitchen and guest toilet.

- *First floor:* three bedrooms, all with en-suite bathrooms and private terraces.

- *Rooftop solarium:* a spacious terrace with pre-installation for an outdoor kitchen, a guest toilet and elevator access - the perfect spot to enjoy panoramic sea and golf views.

QUALITY AND ELEGANCE IN EVERY DETAIL

Built to the highest standards, the villas feature PORCELANOSA finishes, including large-format porcelain tiles, oak wood flooring, fully fitted kitchens with Siemens appliances, high-quality carpentry, and contemporary designer bathrooms.

Underfloor heating throughout and a private elevator provide an extra level of comfort and convenience.
