The Seven

La Reserva Club

A vision of an elevated, crafted and discrete landscape, an appropriately authentic canvas for some of the very finest in contemporary architecture.

The appointment of seven celebrated architects to create seven remarkable homes. Architects from Brazil, Norway, The Netherlands, Spain, Sweden and England.

Substantial family homes with extensive amenities and all with panoramic views across the Mediterranean and the hills of Andalucia.

Fully secured perimeter to The Seven's 12 hectare park with concealed gatehouses, CCTV and fencing.

The creation of a community of the best – a community at the heart of La Reserva Club.

The views

Central to the decision to devote such an area of the estate to just seven homes were the breathtaking views. These unique villas command vistas of the sea, mountains and the lush landscape of Southern Spain. They are perfect platforms from which to witness the changing seasons and to watch the occasional cloud as it drifts across the sky.
